Do you need a vehicle moved anywhere within the 48 states?

Are you thinking about purchasing a vehicle online from sites like eBay or Craigslist, and would like to get it to your location?

I am a responsible, mature, 47 year old man that can drive your car, truck, or van, and deliver it anywhere in the country for a reasonable fee.

I have driven thousands, and thousands of miles cross country. I am a seasoned veteran of the road, and absolutely love to travel.

I can drive anything with tires and a steering wheel. It can be foreign or domestic, automatic or manual, it doesn't matter, I can drive it.

My rates are simple, .55 cents per mile + fuel and a return train, bus, or airline ticket home.

If you are moving, I can help you drive your rental truck and only charge .55 cents per mile for my driving duties. I can also help you load and unload your moving truck for \$25 per hour.

If you are interested, don't hesitate to contact me asap.

I can provide excellent references upon request.
