What one recent customer recapped:

"Best call I ever made! Erick did the bid in November, brought used boxes and wrap over then next week, showed me how to wrap and shrink-wrap a variety of furniture items, then called from time to time to see how I was doing. My house sold earlier than expected in December, and I was ready! Erick supervised the load with me and my friends, and Erick even drove the semi down the Alcan and delivered my shipment in Reno in 1 week. THANK YOU RELOCATORS!" T.W Anchorage, AK to Reno, NV
