QR Code Link to This Post I am offering service to promote local small businesses:

- \*Setting up social media profile
- \*Building a simple website for your business
- \*Making transition to e-Commerce (Online shopping store)
- \*Putting your business on Google Map
- \*Developing strategies to engage potential customers on the internet

The goal is to see your business grow with my service and give you a roadmap if later on you decide to work with local consulting firms or contractors for a complex project.

I offer completely FREE consultation: tell me about your business and how I can help.

Once we come to an agreement, I charge only small fees upfront or NO FEE at all depending on what type of business you are in. After that, I charge you nothing until your business starts to take off with my service. No string attached.

This is a great opportunity for small business owner or individual who is not sure whether internet is going to help his or her business grow but want to give it a try with minimum to no cost.

I only serve Alaskan small business:
