
temperature settings from 176°F (Keep Warm) to 480°F Stay cool side handles make removal of cooking pan quick and easy Tempered glass lid to monitor the cooking process Detachable power cord ETL listed Instruction manual in English, Traditional Chinese, Korean and Japanese Selling one of my prize food dehydrators. This is a 1050 watt, 9 tray Excalibur. Has a nice low temp range, down to 85F. Excellent for not getting the food too warm, and for maintaining high nutrition levels during drying. Clean and in perfect condition. Works fantastic. Holds about 25 apples. Makes fantastic Kate chips. Perfect for drying all the persimmons and other great Fall produce that's available right now. Makes great jerky. Wonderful healthy snacks for work and school and a lot of fun for the kids and grand kids during the holidays .I'm also offering a brand new Twister Jar as an option also at a great price at \$75. It is also a new jar with the patented Twister lid and the additional closed lid. The Twister jar is used for blending really thick ingredients, so you can easily make your own nut butter, hummus, etc, The patented fingers in the Twister jar continuously scrape the inside of the jar while you're blending, to keep moving the material back down to the blender blades. Far superior to some kind of plunger system. Style, taste and functionality together brew rich-tasting coffee with advanced performance. Programmable features are convenient to set brewing options that suit you, like Delay Brew for coffee when you want it and Brew Strength Selector to brew a bolder, richer taste.
