QR Code Link to This Post We are makers of a line of reclaimed wood furniture. Since we are makers, as opposed to dealers, we can make your pieces just the way you want them, so they become statement peices you can keep a lifetime. We offer everything for the home and have done many custom and commercial projects nationally. We would love to help you out with your next project, just let us know what you have in mind!

Headboards starting from \$300 (Joshua Tree Headboard)

Headboard and frame combos starting from \$1100 (Joshua Tree Headboard with outside frame)

Dinner tables and compact desks starting at around \$425 for desks and \$1100 a five foot dinner table. (Joshua tree desk and chef's table)

Check out our website for more, or just send us an email here. We make your bed, night stand, dresser, cabinet, credenza, desk, table, bench, chair, sideboard, bookcase, book shelf, wall mounted shelf or shelves - pretty much anything, just ask!

We also work with any species of wood on custom projects, including live edge and straight edge walnut, teak, and maple.

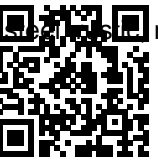

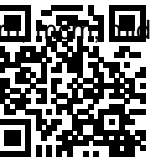

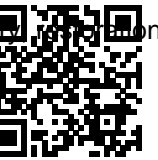

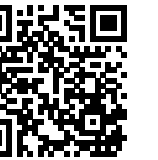

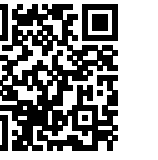

We have special pricing on some products here on craigslist, so if you see something on our website and want to know if there is craigslist discounted pricing on it, just ask. All of our pricing is for the piece alone. We produce these in Los Angeles, the primary source for reclaimed Old Growth Douglas Fir - this minimizes the shipping required on the raw material, so that the only shipping required is the shipment that goes to you, this keeps our prices down. We do not collect sales tax on shipments outside of California. For many products, the cost of terminal shipping is similar to the sales tax rate, we can tell you the exact rates when you let us know what product you are considering.

Thanks for reading, and we look forward to being a part of your home!
