QR Code Link to This Post Looking for a guy to install 12 cameras in a small office. OFFICE IS 60 ft by 25 ft with multiple rooms. So each room needs 1 to 2 cameras. Most of the ceiling is T-Bar so running the cameras shouldn't be hard. All the cameras must be RAN clean in the ceiling. I have 10 cameras and the 10 of the wires .I need wire for 2-4 cameras which are going outside and i dont want to use the wire that comes in the box .

YOU Need to have the following
CAMERA Experience
2x cameras that are good for outside that are Ahd (Hd Analog), HDTVl or
