

Know who you hire. I give my blood, sweat, and tears for each and every client. You know this about me by my reviews from my current and former clients who are apart of my family.

I have the tools, experience, knowledge, and connections to get the job done for you. Do not hire an attorney who does evictions and divorces one day and then a criminal case the next.

My prices are fair, and I offer payment plans for every budget. If you have an income, we can make it work.

If your in a David vs. Goliath type situation CALL ME NOW. I can work asap to get your loved one home.

Call me for your free initial consultation. It will be worth your time.
