His Majesty, Inc.

Get to know us....

His Majesty, Inc. is an entity of services created and designed for the pleasure of women. We are a registered business and license obtained in the United States. We strive to keep our company legitimate, sincere, profitable, discrete, and satisfying for all the clients and/or independent contractors that we work with each day. It is our mission to become the number one upscale company in entertainment and services industry, provided legally for women. It is also our vision that every client and customer continue to use our services repeatedly and continuously throughout the years to come. We hope that if you decide to become one of our independent contractors (ID) with our company, that you will also share the same ideas, mission, vision, and determination to strive to make this happen for each and every one of them.

In order to make this happen, here are a few things that we offer below in detail:

Escorting: accompany (someone or something) somewhere. Meaning, you will be sent a detailed itinerary with the date, time, place (where to meet if applicable), clothing, and possibly other details in order to book yourself for this gig. In which could consider dinner, dancing, movie, long walk on the beach, escort to a charity event, venue, and/or etc., for whatever the client needs. Though to be very "clear", there is a ZERO TOLERANCE POLICY for prostitution. Now what two consulting adults choose to do, has nothing to do with His Majesty, Inc. and its representatives, but yet and though, keep it "Legal" within the guidelines (This will be thoroughly explained to you on your first interview.) We start every ID at the first two hours at least \$500, and let you choose an amount that doesn't exceed over \$300 for every hour after that.

We are a cash on hand process, no credit, no overnight rate, no time fee, and no parking for all the clients that are in the area. We are in the area of making

stripping, and the performance of this particular is exactly what it means. It is not required to a particular uniform or costume. It is your choice. It is not a time to try to make a reason for the decision; we are not even it's a possibility. We are a demographic

crowd will be there. We are asking that you please do not strip completely naked for any event at all; we would hate to think that you are the "dancing bear" and our company literally does not think it's appealing. We are based upon the experience of dancing, teasing, experience, and great looks will take you to where you want to be.

making at least \$125-\$150 an hour in door fees. (Fee that must be paid to you to gain entry into a program or structure.) and including other amounts if they choose to use longer than their time allotted. You are only to do four songs of your choice within the hour and extra songs are charged to the client even within the hour or not. So make sure you expand your songs if applicable across the hour and give a little time for "mingling" around with the ladies. For future reference, we are already in the "talks" with clubs in Florida regarding taking over on their ladies night and doing more shows. If this is something that you would be interested in you probably would like this one a little more than the average stripper.
