QR Code Link to This Post A very good Honda Minivan for sale. We purchased this van new in 2010. Have never had any problems! In fact this is our second Honda minivan purchased. Our first minivan exceeded 235,000 miles before we sold it. This is a van is fully loaded. Everything still works. Love these Honda vans! It's been well maintained. Selling due to the fact the kids are no longer involved in organized sports.
