QR Code Link to This Post New walnut butcher block island. It is rare that I make items from new wood. This new beauty Will become a family heirloom. The top is currently unfinished it can be treated with different finishes, which will make the gain pop to stand out. The whole piece is 21x24 and is 34 inches tall. Many of my current clientele mix things up with a little bit of imagination and use this island as a bar, TV stand or whatever best meets needs. I specialize in Butcher block Islands, farm tables, countertops, bookcases, benches, living room and den tables. Custom orders always available, dealer inquiries welcome. References available. Please contact for more information, questions or to see other pieces I have made. May be picked up or delivery available with additional charge. E mail or Call No text please. Also check out a variety of my current items on Facebook at old oak.
