Income potential is unlimited! Because of breast cancer, we wish to spend some time traveling while health holds out. We are in need of a Class A diesel motorhome in excellent shape and road ready /clear title in trade for our small candle company. Our business can be worked any way you prefer. From selling wholesale to various retailers, online, website, Etsy, eBay, festivals, home parties, etc. We specialize in earth-friendly soy container candles, artistic candles you will not find anywhere else, naturalistic candles, Memorial Candles for People and Pets. (We have a huge Pet Memorial candle line that alone brings in several thousand dollars a year. Business will include propriety candle formulas and recipes, countertops for pouring product, etc. The business includes our complete, extensive inventory of metal pillar candle molds, what we have left of our glass containers for candle containers, some soap molds, packaging, cases of shipping and some product boxes, all inventory of fragrances, easy to use Presto Pot wax melters (6 or 7 of them), Candle jars, dyes, wicks, label templates, etc., Customer and Vendor lists, Mold cabinets. Everything you need to start your business. We will train the new owners on the aspects of the business and making the products. This is a great opportunity for the right person. Once trained and new owners take over, we will offer a year of consulting free of charge. This can be by phone, email, facetime/skype or in person provided we are in town. In all reality, even after the year is up, we welcome your calls if you need questions answered. The company can be set up anywhere. Training will be done at new owners location if it is about 50 miles or so from Milford 45150 or would consider further out if arrangements are made to stay locally. Income potential is literally unlimited from selling in a brick and mortar location, internet sales, fairs, festivals, distributorships, wholesale sales, fundraising and home parties. Amazing growth potential is highly possible depending on one's ambition. We love this business and really put our heart and soul into it. We will do all we can to help get you going. Once training is completed new owner will be totally able to continue on. Training will not stop (within in reason lol) until we are comfortable and you as well that you can handle things on your own. It really is easy, really. This is a very rare opportunity to own your own business by just a trade.

Please email us with any questions you have. If you are interested in a trade share photos of what you have and we can go from there. Serious inquiries only. New owners will be responsible for picking up all inventory, supplies, etc., that goes with the business. I am posting photos of some of the displays we featured in our stores and some of the products we have made and other related items.

Thank.
