QR Code Link to This Post Hey there,

Our amazing pups gave us amazing grandchildren that are now old enough to go to their new homes. We have four babies, two females and two boys. They're now 8 weeks old and they will grow up to be the size of a schnauzer so a small-medium breed. The mom is a chihuahua-Pom mix. They're all so precious and extremely smart, they're now eating puppy food and teething. They have been dewormed, and kept indoors. They don't have any flees, & their stool is solid. We gave them their prevention shot just to make sure to keep them healthy, you will still have to go and take them to the vet for their additional shots as they get older. I'm asking 300 for each puppy, I really am hoping to get them in new homes by today or latest Wednesday. I'm running really busy with my sister about to give birth any time soon and I have to be there for her so I don't have time to be taking care of the puppies. If you're interested feel free to email me. Serious inquires only please thank!
