QR Code Link to This Post Works on any ford Triton 3 valve engine, specifically the 04-08 4.6, 6.3, and 5.4 has the issues with spark plugs breaking inside the engine while replacing. this tool is fairly easy to use and removes the broken spark plug parts from inside the engine so you don't have to take off the head to do so.

10\$ for 7 day rental, just need phone number and 50\$ cash deposit as well as the 10\$. (will get the 50\$ back when tool is returned)

<https://youtu.be/PFeHEgiUDF8>

this YouTube video is very helpful for how to use the tool aside from the.
