Most people have a computer guy, but is your guy available 24/7/365?  
Has your guy implemented a Proactive Maintenance Plan?  
What about a Disaster Recovery Plan?

At ITECK SOLUTIONS, we don't believe in contracts, we believe in solutions. We have a suite of A La Carte services that can be implemented on site or remotely as needed.

Put an End to IT Distractions FOR GOOD!

Whether you are the one-man or woman IT department or the CEO who is tired of being the go-to for broken printers, you know the importance of having a trustworthy IT infrastructure that you can rely on to support your business.

The IT Support You Have Been Looking For

Providing this support is where managed IT services come in. Maybe you need completely outsourced IT team, or maybe you just want to take day-to-day IT maintenance off your plate so you can focus on finishing up those larger projects that keep getting pushed off. Whatever your need, ITECK SOLUTIONS works with your team to develop a customized plan that puts an end to downtime and those late-night server patches allowing you to focus on what you are best at.

No Hidden Fees
