QR Code Link to This Post Could you use a competent trustworthy license Journeyman Electrician with over 40 years of experience. My background includes both new construction and renovation work, also commercial work. I have extensive experience in rewiring old homes, upgrading resident electrical equipment, modernization of old electrical systems. I'm experienced in repairs and upgrade of the multi million dollar homes, expert in restorations of the historical home all done according to national and New Orleans city codes. what makes me a cut above the rest? Clean professional job, honest dependable and punctual with that southern hospitality, no home too small or too big. 504-891-6555 ~ Electrical Repair Service ERS Do you know your whole house can be run from your iPhone? Get rid of that basket of remotes, put them on one easy to use remote with auto on off macro. Get rid of that mess behind your electrical equipment (Stereo and TV). I have certification and experience which including lighting control, PLC Programming, custom sound and video controllers, whole home PC networks, video and audio distribution including video surveillance and security systems, TV remote control systems I,m RTI & Vantage Control certified Perry
