QR Code Link to This Post Gotta downsize and Time to part with our ANTIQUE 3 GALLON STAR STONEWARE WATER COOLER LEMONADE BEVERAGE STYLE CROCK DISPENSER WITH SPIGOT AND LID. This crock showcases 6 Cobalt Blue Bands and Cobalt Blue Pentacle with #3. Stands approx. 14" tall ... 11" wide (not including spigot)

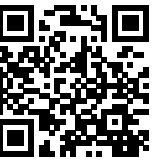

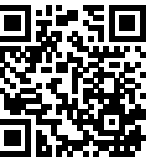

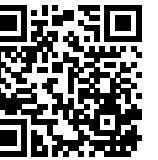

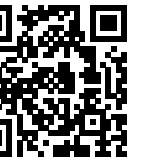

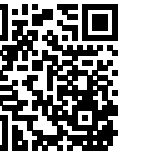

We believe it was MADE BY STAR STONEWARE COMPANY OF CROOKSVILLE, OHIO
 A true treasure piece in very good to excellent condition.

The info we have found is the Star Stoneware Co. was in business from late 1890s to mid 1940's, slowing down production from 1932 through 1945 due to the Great Depression and WWII years. From our understanding the beverage crocks are difficult to find especially like ours with lid and spigot.

A great addition to your primitive country farmhouse pottery crock collection!

Hoping to find this sweet beauty a loving home where she can be on display permanently!
 Asking \$400.00 CASH ONLY , Reasonable offer may be considered
 Phone or email either Craig or Dawn if interested or needing additional information.

Pick up at our home in Northern Rush County (6 miles north of Rushville). Not far from East side of Indianapolis. Close to Greenfield, Muncie, Anderson, Knightstown, New Castle, Connersville. Less than 30 miles from Greensburg and Shelbyville
 Thanks for....
