QR Code Link to This Post I have a 2008 Nissan Maxima Se for sale...
White w light grey cloth interior..
Sports package...
Automatic/ air, power throughout...
Has been a really good and dependable car... just needs a little minor repair on it, but still runs good... .
Was using it as an everyday driver til I just recently purchased a brand new vehicle.. but up until then drove it for work everyday and runs good!....
One minor dent in rear quarter panel that would be fairly cheap and easy to fix...

Still has a lot of life left in it for someone out there!..
These cars run forever!...
Great little engine in this thing!...
Really love this car!..

148,000 miles..

\$5175 obo
