QR Code Link to This Post I'm a local photographer who enjoys shooting people comfortable in their own skin and have a look or interest outside mainstream society. I see beauty in all forms and want to share my vision with the world.

I love shooting all types of people however I'm especially interested in working with people with tattoos, red head's (especially with lots of freckles), girls with short hair and/or a pixie look, girls/guys with feral looks, dreads, females with body hair, guys with beards and tattoos, harajuku fashion, guys & girls in drag, transexuals and various fetishes like latex, leather or involved in the BDSM community.

No experience is necessary; just be open minded and have an real interest in being photographed. If you have the slightest interest then drop me a message introducing yourself along with any questions you might have. Also, if you have a photo please send it.
