QR Code Link to This Post Two black & white English Springer Spaniels escaped from kennel in their back yard and crossed Fogg creek and probably headed towards Scarborough late Monday afternoon. Both are neutered males, 3 years old. The taller one with solid black body is Taylor and the friendlier of the two. Tucker is shorter with a mostly white body and large black patches. Both are wearing black/gray collars with tags and they are microchipped. They can be shy so do not chase. Last seen in vicinity of Portland Rd. & Broadturn Rd. If sighted please contact Dwayne or Cathy at
