QR Code Link to This Post Seeking soloist, duet, even a trio to play during a live 2 hour comedy show. First show is February 18th at 7pm at Quintessential on Main. You'll play at the start of the show, and play the performers on and off the stage. And you can play a two minute solo in the middle of the show if you want. Music should be upbeat and fun. Think of the live band that plays on late night talk shows. No vocals. Must provide your own instruments, amps, and equipment. Pay is \$30. But this is a good opportunity to market yourself and your service in front of a crowd. Send audition video recording or an email letting me know what you play and we can arrange a live audition. Small high school jazz bands!
