Previously an elementary school teacher, I have my Masters in teaching elementary education and I am also CPR/First Aid certified. My goal is to utilize my past professional experiences and current experiences as a mother to provide a loving, nurturing and educational environment for your child.

Being a mom, I know exactly the types of things that are important to the parents as well as the children. I can promise a clean and safe environment for your child where they will learn, laugh and play while developing skills, milestones and a lifelong love of learning.

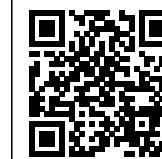

If you are seeking childcare, this is the opportunity for you! Please don't hesitate to contact me for more information or to schedule a visit! I look forward to hearing from you!
