Deposit: \$1000 to secure spot

visit www.boisemicroblading.com for more info

During this in-depth class, students learn how to design and sculpt beautiful eyebrows using Microblading, or 3d brows. This procedure is wildly popular and demand for the procedure is growing every day. Our students are taught how to artistically create each individual's ideal eyebrow shape and how to apply hair strokes for a natural look. The results of the procedure are beautiful eyebrows that need very little care for years to come.

Each class is broken to 2 sessions. The first session will cover the course and learn the fundamentals of the theory, design and procedure. During the second and final session of the course, students will receive microblading in a live model. Under the supervision of the instructor, this intensive 40-hour course will give students the fundamental knowledge and training needed to successfully microblade. A Microblading starter kit is included with tuition. The kit is worth over \$500.

Course schedule:

Day 1: The course homework to be done at home before class starts on drawing proper hair strokes

Day 2: Eyebrow design, skin types and proper technique demo

Day 3: Color theory, application method, contraindications, aftercare, begin models

Day 4: Tips on starting your microblading business, more models!

Course subjects:

Fundamentals of color theory

Skin types

Application methods

Shaping for a natural look

Student kit includes:

6 LI Aqua Tattoo Pigments

Sharps container

Blades/hand piece/measuring tools

Qtips/micro brushes/mascara wands

Numbing products
