### Testimonials

"We hired Joe because we wanted a mix of live and recorded music. From the ceremony, thru the cocktail hour and our reception...Joe did it all! We loved how seamless everything felt. Joe worked with me for a few out of the box elements and had the best suggestions during the reception to make it all happen exactly how we imagined. Thank you, Joe!! You made our night over the top amazing!!!!

"Hiring Joe was the first thing we did for our wedding. We had been to a wedding he was DJ and my now husband got his card then and carried it with him until he proposed. Joe did an amazing job at our wedding! We loved his guitar and keyboard playing and he did a fantastic job with getting everyone on the dance floor. He was professional and easy to work with even with our crazy song requests! He helped make our night perfect!

"Joe did a stellar job handling our wedding. He was organized and very responsive. He was able to MC and DJ our wedding, and we couldn't have asked for better entertainment. By offering live music, he brought a special touch that most DJs could not offer. He went above and beyond, learning a few "special request" songs and even playing guitar while a bridesmaid took to the floor and sang a love song in our honor. All in all, a wonderful experience had by all. A big thank you to Joe for making it all possible!

You were so easy and fun to work with and your professionalism kept everything running smoothly! Thank you for helping to make our special day even better! It all went so beautifully!

Thanks again!

"Joe is amazing!!!! As soon as I spoke with Joe on the phone before we booked him, I knew I would not have to worry about our choice. From day 1 he was organized, professional, and fun. He has a wonderful packet that helped us, from a Bride and Groom stand point, know what was expected of us to make our music a reflection of what we wanted. He is an insanely talented musician. My husband and I couldn't decide on one song for our first dance and Joe was able to mash two songs together, sing it live, all while we did a choreographed dance routine. Did I mention I told him this this week before the wedding? Joe didn't miss a beat. He sang, played piano and guitar during cocktail hour and dinner and then switched to a master DJ for dancing! He respected our do not play list and read the crowd perfectly. He can also provide up-lighting which provided a romantic touch to the room. Honestly I can't say enough good about Joe. He is the exact type of personality your want running your wedding. Joe is a class act and the best of both worlds when it comes to live music and DJ. We could not have been happier and so many guests commented on how much they enjoyed him. If you are on the fence, don't be...Joe is a hidden gem and we would choose him over and over again! :)

"Joe was the perfect wedding D.J. and musician!! The music for my ceremony and reception was something I was very passionate about from the beginning and Joe helped make the music for both straight out of my dreams. He was 100% available throughout the entire wedding planning process and always got back to me in a timely manner. He was so flexible and patient when I wanted to change specific songs. A few weeks before the wedding he set up a phone conversation where he made sure everything was in order and that he was pronouncing everybody's names right. I felt at ease with him there the day of! He learned and played three specific songs I had picked for our prelude/ceremony and it was beautiful! As a D.J. he played all of the songs I had requested and also took requests from the crowd. He kept our guests dancing the entire night and they raved about him. I would recommend Joe as a musician or D.J. to anybody and am so grateful that we found him!

"Hi Joe, Just wanted to let you know that Ray and I were psyched on how awesome you were on Saturday. So many guests came up to us to say how great you were as a musician and dj. You rocked and made our wedding an even better experience as we ripped up the dance floor all night long.

THANK YOU JOE. :)

"My husband and I are so grateful to have had Joe as our wedding musician. Joe worked with us on an extensive guide to ensure that all of our desires were met. He was very helpful with areas that we needed support and was a wonderful listener when it came to our articulation of needs. During our wedding, from start to finish, he

provided the perfect mix of live music and recorded music to accompany everything from pre-ceremony to post-reception. He is a wonderful musician with a fabulous voice.
