Flat Fee for as low as \$1,500*

Being charged with Operating Under the Influence (OUI, DUI) is unpleasant and could affect the rest of your life if you don't take action. But you're not helpless and it would my job to protect your future. I work to:

- *Keep your criminal record clean
- *Keep you out of jail
- *Have your license returned in 45 days or less
- *Minimize or eliminate your fines

Every case is different, but I can help you even if you failed or refused a breath test or field sobriety test, and even if you were charged with other offenses. I charge a reasonable fee and offer a free consultation.

*\$1,500 fee is available for certain first time offenders who qualify for a 24(D) disposition, and where the incident involves no accident or injuries, and no more than two court appearances are necessary. A small additional fee is required if client wants representation at the RMV to apply for a hardship license.
