QR Code Link to This Post Hi there,

I am shooting some series of mature women and need models. These are sexy shoots but of a teasing nature not hardcore. Tasteful nudity, sexy, fun, and cute photos of older ladies is what I am looking for.

No pay but a copy of any photos taken for your portfolio.

No experience necessary but a fun attitude required.

Please send along samples of work you have done or just photos of yourself, cell phone photos work fine and I will be in contact.

thanks very much,

best,
