QR Code Link to This Post I have a Queen sized Sealy Posturepedic Premier Hybrid Mattress that is barely 2 years old. I absolutely love this bed, but unfortunately, we couldn't fit it up the stairs in our new house. ðŸ™•

It's a \$1700 mattress that I got from Brown Furniture in New Hampshire, and it's in excellent condition, it's just wrapped in plastic because today was moving day. I'm including the Box Spring and the metal bed frame as well, and am asking \$800 OBO for all items.

You will need to arrange a pick.
