QR Code Link to This Post Greetings and thanks for reading. I am a professional, young guy who is working in Manhattan and seeking a nice friendly girl for a great arrangement. Something classy and fun. I am educated and would love to help a student or artist to make it in this expensive city. If we hit it off, we can make this a weekly thing.

Please be between 18 and 29, fun, laid back and no drama. I am in good shape and enjoy my life. I happen to work too much to do the dating scene and wanted to give this a try. If you are interested, please let me know a bit about you and if you could forward some pics. Thank.
