QR Code Link to This Post Your hatred has brought about your own downfall and still you try to gain traction with that same hatred. When will you liberals ever learn from your own failures? Blaming everyone else for your mistakes and lack of insight will only mean your demise for years to come. You own an old and crumbling party that bases it's existence on lies and hate and now take a close look at your current leaders....all trying hard to appease you dreamers and snowflakes by using the same tools that caused your failure.

Now, do all the rest of us another favor and double down again on what you're doing. It's working out well for America, but not worth a damn for you Communist/Socialist losers. Bring back to us the Democrat Party of old, the one that loves this country and won't sell it out to the highest bidder and foreign terrorist states like this current mass of hateful elitist progressives have done.

Meanwhile, keep Pelosi, Schumer and people such as Conyers and Franken who think they make the rules for everyone else and don't think they have to follow them because they are so much better than all others are. Keep lying and taking up for a criminal Hillary and Bill and all their close knit group of thieves and liars. Lie to the children and control their educations with more lies and tell them it is hope and change and is good for them. Make threats of violent revolution that is based on lies and chicanery. As the voters and citizens tire of it they will do what is happening to you right now.

THE ONLY THING WE AGREE ON IS THAT YOU DO INDEED HAVE A RIGHT TO YOUR OPINIONS, AND THAT'S MORE THAN YOU EVER GAVE THE REST OF.
