QR Code Link to This Post Hi,

I need a canine hiking companion that I can just come get to hike with on my own watch?

Are you not able to exercise your active dog due to medical issues?
Age? Too busy?

Please contact me ASAP. I am sad without a canine hiking partner!!

Look forward to chatting.

Have had dogs and cats pretty much my whole life. Maybe 10 year gap. That's about it. I am a 50 Year old woman. 5 years vet tech experience in past as well.

Thanks for reading!

PLEASE be!
