He comes into peoples homes to do work as a plasterer and has pursued peoples wives. He has done this more than once.

He was also recently arrested for DUI by the Andover Massachusetts police.  
ZERO regard for ANYONE but himself. A complete scumbag.

He will say that none of this happened and that they are all lies. But it is ALL 100% TRUTH. I have emails from him and texts from him to my wife to prove. I have emails and texts from his ex wife and then his ex girlfriend that he was about to move into when I finally outed him. BOTH have thanked me for reaching out to them and finding.
