QR Code Link to This Post 21 and from Sayreville, NJ. I'm a guitarist and also capable of being a vocalist (either lead or harmonies). Some of my main influences include Metallica, Tool, Black Sabbath, Alice In Chains, Slipknot, System Of A Down, Soundgarden, Faith No More, Avenged Sevenfold among many others. Traveling isn't really an issue for me but I would prefer to work with those around a similar age group, so 18-27 would be.
