QR Code Link to This Post I have for sale (3) Aluminum Material Handling Carts. These carts can be used for flat sheet products but work great to store and move beds mattresses. They are just very useful carts to have around home and shop. (36" wide x 25" deep x 65" high). They have 5" hard rubber wheels with two that swivel and two that are straight runners. Keep things up off the floor and protect them from damage. Worth the money. \$100 Cash
