Finding childcare can be rough, finding reliable and honest childcare can be near impossible.

I have many years of nanny experience, I have my own in home childcare experience...the pictures shown are from my in home daycare and we have a kiddo moving on to preschool now. We keep our group small, so I have openings for only one (possibly two) littles. I know CPR, I have recent references, and I am a mom myself! (The best experience)...I'm looking to offer childcare in our Lakewood home, any hours depending on what's needed (prefer daytime) Also would prefer a set schedule whether it's for part time or full time though. I believe one on one time is very important for the kiddos. We have a family environment in our home, filled with LAUGHTER and LOVE!

We live close to both Bunts Road and Clifton so easy highway accessibility.

I'm offering a just like home environment where we will go to the park, have reading time, play outside, do arts and crafts, and just hang out in fun and educational ways. Some days we may bake, and some days we may run errands and have play dates. I currently care for three children but on varied schedules, so as I said, there will be lots of one on one time.

I have experience working with multiples, special needs, asthma, and all ages and I have even nannied for a pediatrician for years. I am in touch with nearly every family I have worked for and I take great pride in being that super fun kid person.

I am available any shift and we can even set something up for overnights or weekends if need be. I'm pretty flexible and our home and our family would love to become like a SECOND FAMILY to you and your children. :)

We do have a very friendly cat named Seren. I have no allergies. I do have a fully insured car and a 2004 Honda Civic as well as a car seat to go with it. I have a brother who is a teacher and has a little boy of his own for a son. I visit with it we'd like. I am also available for drop in and emergency care and my rate for that would be \$10 per hour.

Again though I am flexible and simply looking for a good match and in touch with nearly every family I have worked with for in the past...some of those kiddos are in their 20's now VOWZA!

Good luck to all of you in your hunt for the right nanny match and wish you the best. Feel free to share this ad with a friend if they happen to be looking for caring fun and trustworthy childcare to.
