QR Code Link to This Post Milley is looking for her forever home. And needs to find one ASAP! She was adopted from an animal shelter in Colorado when she was a puppy. She loves the out doors, playing with balls and sticks. She doesn't care to much to be around other dogs but cat's are alright. She 8 yrs old. Does not like bath's lol so I take her to the groomers. She does need a rabbis shot it just expired last month. Love's to be a bed hog and is an inside dog. She is fixed and microchipped for life. She is house trained, have not had an accident since she was little. Doesn't need to be kenneled either very well behaved. \$100 rehoming fee. I just don't have the time for her anymore and she is full of life and energy. Any other questions please.
