QR Code Link to This Post I am rehoming our Tom cat. He is about three years old and is a very nice cat to have around. Neutered and had his kitten shots when he was little. Claws are intact and he is pretty good about using a scratching post or cat tree.

He's playful with our dog and with toys. He has a shoelace he drags with him everywhere. He's a one-person cat in that he will bond with just one family member. That being said, he is still pleasant for other family members--he just much prefers "his" person.

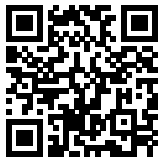

Rehoming due to changes in family dynamic. Rehoming fee of .
