New price over \$20,000. This used 2007 model is selling for under \$9K!!!

The Deuce Haul Trailer allows you to tow (double tow) your boat and your vehicle at the same time. This rugged trailer was designed with simplicity and ease of operation in mind. At first glance the unit appears to be a standard boat trailer. That is where the similarities end. A unique push button hydraulic system smoothly and quietly raises the boat rack, revealing a car dolly. Drive your vehicle on, strap the wheels and you're set to go. Unloading is just as easy. Back your car off, lower the boat rack and you have the use of your car to enjoy all those wonderful side trips, and to launch your boat.
