QR Code Link to This Post I am looking for a Warehouse or Garage work space to rent short term to finish a van outfitting/conversion project that I have. Preferably in inner SE, but willing to reach out a ways.

The van is a beast - Ford Econoline 350 ClubWagon - 20' long and 8' tall. I would need more space than that for work clearance and tool set up. 400 sq feet (25L x 15W) could work - but more the merrier. I have all the materials, plans and tools ready to go. I estimate 3 - 4 weeks to finish the build - possibly shorter in a work space that could allow for later work hours.
