Is your pet stuck in the house because you are afraid they will attack another dog or even worse a person? To most families dogs have become more than just pets, they have become part of the family. Having a pet should be fun, relaxing and enjoyable not a headache or something you or someone in your family fears. Your furry friend should never become a burden or end up in a shelter because of bad behavior. Nipping, nuisance barking, whining, jumping, and chewing are just a few examples that can lead to different types of aggression. Wouldn't it be nice to have a calm, well-behaved, obedient pet....or a pet that your kids can walk without getting pulled down the street or even worse bitten or injured? If this sounds like your situation or someone you know then give us a call. Off the Chain Dog training is ready to help you get back in control and teach you how to lead and your furry friend how to follow. We have dog obedience training packages for all breeds an all sizes. We also offer board and train for 2-3 weeks at affordable prices. Call or text today to schedule. Due to the nature of our business we aren't always able to get to the phone so please leave a message and one of us will get back to you!
