QR Code Link to This Post We currently run a sustainable farm and homesteading/Permaculture training program in Sherwood, but we've just bought another property in Winston. We have a wonderful core team, but are expanding and open to taking on a few more motivated individuals. We can use more individuals with framing and/or contractor experience, Permaculture design experience, and even a few folks without experience, as long as they have mad work-ethic.

Come pitch-in part time to learn some skills, volunteer, park your tiny home, or rent a room. We may be able to offer reduced rent to skilled laborers, as well.

Please reply with a DETAILED description of who you are, your skills, and your history, your current situation, and what type of scenario/relationship you're hoping for.
