1/2 German Shepherd, 1/4 Husky, 1/4 Akita puppies born on Thanksgiving Day.
The mother is 1/2 German Shepherd 1/2 Husky. The father is 1/2 German Shepherd 1/2 Akita.

The first picture is the mother when she was 5 weeks old.

I have added extra protein and calcium in mother's diet from the time she conceived in order to ensure healthy puppies. This is her second litter. (I have included pictures of her first litter.) She is incredibly smart and has the best demeanor. The father compliments her intelligence and demeanor.

On-site viewing in Midlothian.

When adopting any new pet, it is highly recommended that the new owner visit the environment that the pet is coming from.

My puppies are in a safe, clean, loving, family environment. They get lots of attention from myself, my wife and my 6 and 10 year old kids. We also have 4 kittens, a second dog and 2 horses.

The puppies will need to stay with their mother for now. You may reserve a puppy with a deposit that will go towards the total rehoming fee.

The puppies will be given their first shot before they go to a new home. New home must have a backyard.

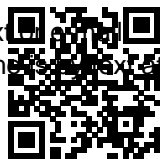

More pics upon request.
