QR Code Link to This Post Incredible Offer!! PRICE REDUCED - OWNER MOVING!!!!

It's getting close to the holidays, and we have enough Boyds Bears to create a "Bear Den" with all the Christmas trimmings!!

This listing is for 8 large totes of assorted Boyds Bears. They are new, not played with and from a pet-and-smoke free home. They were lovingly collected by a "Boyds Fanatic," who loved each and every one that she added to her stash. The owner has now passed away, and we are looking for someone who can use them, especially over the holiday season. Boyds has been out of business for some time, so there are a lot of rare ones -- and now hard to find. They could be sold for a considerable discount, and still make money..... or perhaps this would be of interest to someone who would sell them online!!

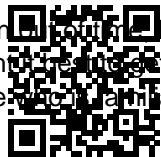

Whatever your plans, we have a total of 233 (all plush) bears and friends - 8 large totes! - at a retail price of \$4,246. We are asking \$800.....less than 80% off listed retail....or best offer. A great deal to get a huge amount of assorted plush at one time!!.....even sell them at a special of half price, and make full profit!!

I DO have an inventory sheet each tote, with the retail price of each piece.
Each tote has the itemization on it, to make it simple for your pricing.
I can e-mail this - as it's too extensive to list here!! But, this is a real deal for the right person!
