QR Code Link to This Post I have a nice WinPower PTO Generator. It has 120 and 240 and it works. It does not take a very big tractor to run it. It is mounted on a small trailer so it is towable. I have video of me using it. It is 44 inches wide and about 70 inch long with the tongue. I AM OPEN TO OFFERS AND I CAN LOAD. (will fit in a pickup box) Call or text with the reply button above.
