Cooks have everything on hand to whip up a great meal in the well-stocked kitchen. When evening comes, sit out on the front porch swing and enjoy the small-town atmosphere, or take a short walk to the lake and boat launch to enjoy the quiet north cove.

We offer both vacation rental, short term, and temporary housing. Pricing will vary.

All three bedrooms are upstairs, and each is quite unique. The charming master has a lovely queen bed nestled among cedar-shingled walls, sloped ceilings and dual closets.

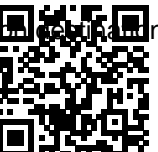

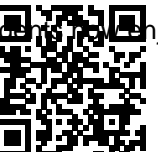

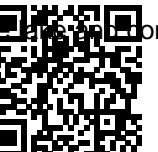

Another queen bed is in the 'blue room' with homey decor and a full-size closet.

Finally, there is a full (double) bed and set of bunk beds in the roomy third bedroom which includes a cute little secret room for the kids to enjoy!

The kitchen is large and open, and includes a refrigerator, dishwasher, cook top, wall oven, microwave and coffee maker.

The full bathroom is spacious, light-filled and sparkling clean with new fixtures for your comfort.

Come be our guest at our charming cottages located in the heart of the city of Lake Stevens, a small town just 45 minutes north of Seattle. Northlake Cottages are original, old-fashioned houses with all new, modern furnishings, beds, linens, dishes and cookware. Located side-by-side, you can combine your rental of both houses to sleep 16 people.
