QR Code Link to This Post FIRST: Please do not Call about this position. We will be taking resumes and interviewing for a couple weeks or until the right person is found.

Redline Motosports is hiring a Dismantler to work full time.

This person should have a STRONG interest in Powersport's, an ability to use hand tools and work around/with others in a team environment. You do not need to be a "mechanic" for this position, however experience working on Powersport's toys, rebuilding an engine, cleaning a carb, changing tires, etc will give you an edge over other applicants.

Day to day duties include dismantling damaged watercraft, dirt bikes, atv's. We then clean, picture and write important details about each part. As in any shop, cleaning the work space, maintaining the shop equipment, and flexibility for random tasks are also a must.

Benefits include Paid holidays, paid vacation, and retirement matching.

Serious Applicants for this position can Email a resume to us, or you can drop it off in person from 10-4 Monday to Friday. Along with the Resume, please include any reason you would be a good fit with the Redline Team in this position.
