QR Code Link to This Post If you can loosen and tighten nuts and bolts, or have experience working on cars, I'll pay for you to disassemble and reassemble parts of a vehicle for me. I have a Land Rover Defender that I am restoring and I'm willing to pay \$14 per hour, per person, to simply disassemble the vehicle into its parts and then reassemble it as those parts are swapped or refurbished. I'm willing to pay up to two people to work together on getting the job done. It is in a shaded, cool covered garage and will prob go for 1-4
