Contact Nikolai at RMB Premiere Services is a professional translation office with over 15 years of experience in helping the Immigrant community. Our office has been specializing in Apostille Certification (Authentication of documents for international use) and Document Legalization in New York City for over 15 years. The Apostille, is a French word meaning certification. It is an instrument that many governments, foreign and domestic, use to certify that a document is genuine.

Notarized documents such as letters, certificates of origin, powers of attorney, statements, declarations, assignments or affidavits should contain an acknowledgement statement of Notary Certification of signature from the qualified county.

Any document outside of NYC has to be certified by the County Clerk office that issued the document. NYC Birth & Death Certificates require a Letter of Exemplification. Therefore you must require a Letter of Exemplification when requesting a Birth or Death Certificate. Both the birth or death certificate and the Letter of Exemplification must be certified by the NY County Clerk prior to being apostilled.

A 2015 graduate of International Culinary Center- NYC, and a working restaurant chef; I now seek to work with families exclusively.

My ideal setting is a busy home with parents, children, and perhaps some cool pets.

I have recently begun a new career after working 14 years in family mental health. I have massive childcare experience, particularly with children and adolescents.

I'm not just a professional chef; I am a professional caregiver.

As a Certified Wellness Coach, I have a commitment to healthy eating; using minimally processed ingredients from reputable and eco-friendly sources.

Most commonly, I would come to your residence an agreed number of times per week, prepare agreed upon menus (based on a set budget), and leave your family well-stocked with restaurant-quality, easily reheatable meals and desserts for everyone in the family...

I understand every family's needs and means are different; and I will work with you to agree upon mutually reasonable compensation based on depth of service required. I work hourly, or for an agreed flat fee for more expansive needs.

My goal is to help your keep your family happy, healthy and well fed. I hope to build a reputation within the community at large by providing high-quality food with caring professional service.

Serious inquiries only please.

If interested, please reach me directly (phone or text) with your contact information and have time to speak briefly.

I'm willing to travel, at my expense. References are provided upon request.

This service is used for those leaving but not arriving at the same time the vehicle arrives. Therefore, you need a secure place to store your vehicle until you get to your designated place. We have terminals in from coast to coastTO OUR VALUABLE customers out there, we provide top notch and top quality roofing services and that too, in just about two days. Even less than that.

Our roofers that are deployed at different customer destinations are always made sure that they are licensed and that they provide top quality work to our customers.
