QR Code Link to This Post Meet Jack! Jack is housebroken, knows basic commands, is super duper smart and loves ALL people!! He is used to lounging in a big comfy chair not being stuck in a kennel. Jack has been around older children his entire life and does fine. He is neutered. He would do best being the only pet- he wants all the attention to himself. Jack is about 5 years old. He LOVES to play ball, and enjoys hiking. If you would like to adopt or more info please email us or <http://www.wabullycrew.org/> for an application.
