QR Code Link to This Post Looking for anyone interested in building and riding off road mowers, I have been doing this for a while now have places to ride,no atvs,bikes ect, strictly lawn tractors. Doesn't take much to build one, can go 40 + mph knobby tires,snorkles,its a lot of fun. If anyone is already into this, or if it sounds like something youd like to get into email back, I have a shop to build and fabrication equipment. Hope to hear from everyone
