QR Code Link to This Post Hello! My boyfriend and I live in a house in Bon Air (in Richmond right off of Huguenot Rd), and are looking to find a roommate for our 4-bedroom house. We have 2 dogs (a husky/shepherd mix and a corgi/terrier mix) and 2 cats. Our pets are very friendly. We are not looking to add any other dogs or cats to the mix, but caged animals are welcome.

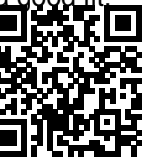

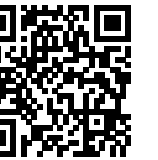

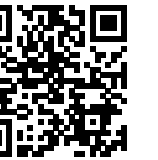

A little about us: I'm a 30-year old female who works M-F from 8am-5pm in my home office. My boyfriend is 36 and works opening shift 5 varying days a week, which is usually 4:30am-around 1pm, so he is typically in bed fairly early when he has to work the next day. I am not vegetarian, though my boyfriend is, so we are both meat-eating and vegetarian friendly. We are both non-smokers and I only occasionally drink, so we would prefer like-minded roommates. We are very LGBT friendly.

We enjoy various movies and TV shows, particularly of the sci-fi/fantasy genre, but we have a wide range of interests. We play video and board games and will occasionally have friends over for game nights. We're also part of an ultimate frisbee group that meets twice a week in the Carytown area. I'd say we're a good mix of nerdy and active, and while like-minded people are not a requirement it certainly doesn't hurt!

About the house: It's in a great location, 10 minutes from Carytown, about 20 minutes from Short Pump, and less than 10 minutes from Chesterfield Town Center. It's a 4-bedroom 2.5 bath house with a large fenced-in backyard. There are 4 bedrooms upstairs: the master with an attached full bath, the guest room, and 2 additional bedrooms. You will be sharing the bathroom with the one other roommate who is in the other additional bedroom. The bedroom available for rent has a decent-sized closet (there is plenty of attic storage if needed as well).

\$600/month is for one bedroom and includes utilities (electric, water, and WiFi). We are only looking to rent the room to an individual, no couples or families please.

If you are interested in renting the available bedroom, please feel free to reach out to me with any questions along with a little information about yourself and your situation. We can schedule a meetup to be sure that everyone is a good fit.
