QR Code Link to This Post I am seeking an artist (or artists) to sculpt horse models for me. I am looking for original horses, realistic, detailed, for reproduction in ceramic. I am looking to purchase "all" reproduction rights for each sculpture. Over the next 2 years I'm hoping to purchase 5-6 horses. They need to be 10 inches tall or smaller.

I am also looking for horse medallions that can be used as ornaments.

Let me know what you charge, and send some pix. Even if you haven't sculpted a horse, but are open to it, and have done other animals, send me a message. Please don't send nude pictures of people, I'm not interested in that.

Picture is one of the sculptures I decorated, but do not own the rights.
